To the Committee of the Thames Rowing Club.

Gentlemen,

We, the undersigned members of the T.R.C., request you to consider the advisability of making some representation to the Stewards of Henley Royal Regatta with regard to the wide-spread dissatisfaction which has been caused by the exclusion of the Belgian Crew from competing at Henley in 1908.

We wish to point out that this exclusion has already been the cause of much adverse comment amongst the rowing men of the Continent, and we suggest that

(1) the resolution excluding foreign entries for 1908 should be rescinded, or

(2). the race for the Grand Challenge Cup should next Henley be held in abeyance.

In any case it is our desire that the Club should enter a protest against the race for the Grand Challenge Cup being made a restricted competition, even for a single year, in view of the fact that it has now been won twice in succession by a foreign crew.

Proposed by Mr Vize }  
Seconded by R Walker Roylance } that the  
Memorial

be forwarded to the Stewards of Henley Regatta.

The following Amendment was proposed by Mr S. C. Smith } That the opinion  
seconded. . . Messon } of a General  
Meeting of the Club be taken.

The Amendment was put to the Meeting and carried.

The Secretaries were instructed to call a Special General Meeting for Wednesday the 22<sup>nd</sup> January 1908.

The following resignations were submitted and accepted.

A. V. Carroll, W. A. Hodgkins, W. M. Benton, R. C. Whiting and R. S. J. Matthews.

Mr Cleft reported that he had prepared plans and obtained estimates for the work required to carry out the necessary alterations to the drains, but it had since been suggested that a somewhat different structural alteration would be more convenient, entailing the erection of the proposed W.C and bath room on the first floor level, and he estimated the cost on these lines at £40 to £75

After some discussion it was proposed by Mr Forster } That Mr Cleft be instructed  
seconded by Mr Vize } to proceed with the work  
on this basis in consultation with Mr Forster  
with power to include Mr Smith and Mr Percford  
as a Sub-Committee should the work prove to  
exceed the above estimate.
